Construction Approval

When signed by the Environmental Health Specialist, this application shall be deemed a Permit to Construct for the work described. Do not begin construction until plans have been approved by Environmental Health Services. Please note additional permits (e.g., electrical installation, land use clearance, grading) may also be required from other agencies. THIS PERMIT TO CONSTRUCT SHALL EXPIRE upon completion of the task authorized or one year from date of issuance, whichever comes first. No changes from the approved plans are permitted without prior written approval by Environmental Health Services.

Required Inspections / Final Clearance

An inspection must be scheduled directly with the approving Environmental Health Specialist at least two (2) days in advance for each of the following:

1) Preliminary 2) Pre-Final 3) Final Inspection

I certify that I have read this application and declare under penalty of perjury that the information contained herein is true, correct and complete. I agree to comply with all county ordinances and state laws relating to building, development and construction. I hereby authorize representatives of Santa Barbara County to enter the premises for the purpose of inspecting the work described herein for compliance with county requirements.

I further certify that all of the information provided on this application is true and accurate and I agree to notify Environmental Health Services of any changes that occur including the type of business activity, name, business location, menu, equipment, billing address, ownership and/or closure.

I further certify that I agree and understand that any structural alterations, including, but not limited to: equipment changes or additions; change of menu or quantity of food; or any other operational changes after opening, must be approved by Environmental Health Services in writing and may be subject to a plan review process which may include plan submittal requirements and/or fees.

Signature(s) must be an Owner, Partner or Corporate Officer (Corporation and Limited Liability Companies). A manually signed copy of this application delivered by facsimile, email, or other electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this application.

Submission of an application is not a permit to operate until additional steps are completed and authorization is given for a food facility to process and distribute food products; for example, plan check, consultation and or other departmental approvals may be required.
