## FARMS TOGETHER

**Supporting Farmers:** Harvestly purchases produce directly from local small-mid sized, and BIPOC farmers at fair market value, bolstering their livelihoods and strengthening our local economy.

**Fueling the SLO Food Bank:** Our food bank selects from a diverse range of fresh produce on Harvestly.org, including hard-to-find items like avocados and strawberries, at no cost.

**Nourishing the Community:** Community members enjoy produce harvested within 48 hours, ensuring it's fresh, nutritious, and flavorful.

**Sustainable Funding:** This partnership is supported by the USDA and facilitated by three key organizations: California Association of Food Banks, Community Alliance with Family Farmers, and Fresh Approach.
